### Thumbs Up!

PROTECH's technologies tested and approved by US Air Force and DOE.

PROTECH's innovative perimeter security technologies have been tested and approved by some of America's most noted agencies.

If you would like to learn more about how **G-FENCE 600Z** (fence-mounted intrusion detection system), **SOLARIS** (Active infrared solar-powered beam detection) and **MAXIRIS** (Active infrared virtual fence) passed rigorous testing at the DOE and United States Air Force, contact us and we can share these reports with you. [larry@protechusa.com](mailto:larry@protechusa.com)

U.S. AIR FORCE

G-Fence 600Z and Maxiris

U.S. DEPARTMENT OF ENERGY

Apiris, Maxiris & G-Fence 3000

### PROTECH Leads the Way in Key Markets

PROTECH is actively working on many projects in the following vertical markets: Electrical and Water Utilities, Airports, Correctional Facilities, Critical Infrastructure (i.e. bridges, dams, telecommunications, subways, etc.).

If you would like specific references from customers in these markets, contact Jeffrey Morris, National Sales Manager: [jeffrey@protechusa.com](mailto:jeffrey@protechusa.com).

You can also visit our [Markets page](#) to find out more.

### Like to Try Us before you Buy Us?

PROTECH offers a program whereby you can test and evaluate our technologies with an end-user before you commit to purchase. Contact us to determine if your project qualifies for this program. [jeffrey@protechusa.com](mailto:jeffrey@protechusa.com).

#### ATTENTION INTEGRATORS

Certification Training Program from PROTECH.

PROTECH is pleased to offer certification training programs for the following systems:

**APIRIS**  
**MAXIRIS**  
**SOLARIS**  
**G-FENCE 3000**

Available at our manufacturing facility in Reno, Nevada or at your site. Find out more:
