

WARRANTY & DISCLAIMER

Protection Technologies, Inc. (PROTECH) WARRANTES ITS PRODUCTS (“Product” or “Products”) to conform to its own specifications and to be free of defects in materials and workmanship under normal use for a period of twenty-four (24) months from the date of sale. Within the warranty period, Protection Technologies, Inc. will repair or replace, at its option, all or any part of the warranted Product. PROTECH will not be responsible for dismantling and/or reinstallation charges. To exercise the warranty, the User (“User,” “Installer” or “Consumer”) must be given a Return Material Authorization (“RMA”) number by PROTECH. Details of shipment will be arranged at that time.

This warranty does not apply in cases of improper installation, misuse, failure to follow installation and operating instructions, alteration, abuse, accident or tampering, and repair by anyone other than PROTECH.

The warranty is exclusive and expressly in lieu of all other warranties, obligations or liabilities, whether written, oral, expressed or implied, including any warranty of merchantability or fitness for a particular purpose. PROTECH will not be liable for any consequential or incidental damages for breach of this warranty or any other warranties.

This warranty will not be modified, varied or extended. PROTECH does not authorize any person to act on its behalf to modify, vary or extend this warranty. This warranty will apply to PROTECH Products only. All other products, accessories or attachments used in conjunction with PROTECH equipment, will be covered solely by their own warranty, if any. PROTECH will not be liable for any direct, incidental or consequential damage or loss whatsoever, caused by the malfunction of its Product due to products, accessories, or attachments of other manufacturers used in conjunction with PROTECH Products.

The User recognizes that a properly installed and maintained security alarm system may only reduce the risk of events such as burglar, robbery, personal injury, and fire. It does not ensure or guarantee that there will be no death, personal damages and/or damage to property or loss of property as a result.

PROTECH does not claim that the Product may not be compromised and/or circumvented. PROTECH does not claim that the Product will prevent any death, personal and/or bodily injury and/or damage to property resulting from burglary, robbery, fire or otherwise, or that the Product will in all cases provide adequate warning or protection.

Protection Technologies, Inc. shall have no liability for any death, injury or damage, or loss of property, however incurred, based on a claim that PROTECH Products failed to function. However, if PROTECH is held liable, directly or indirectly, for any loss or damage arising under this limited warranty or otherwise, regardless of cause or origin, PROTECH’s maximum liability will not in any case exceed the purchase price of the Product.

“WARNING”

The User should follow all installation, operation and maintenance instructions. The User is strongly advised to conduct Product and systems tests at least once each week. Changes in environmental conditions, electric or electronic disruptions and tampering, may cause the Product to not perform as expected.

“WARNING”

PROTECH warrants its Product to the User. The User is responsible for exercising all due prudence and taking necessary precautions for the safety and protection of lives and property wherever PROTECH Products are installed.

RETURN POLICY

Customers desiring to return products to PROTECH for credit are required to obtain prior company approval. Products accepted for return will be subject to a restocking fee of up to 25% and factory acceptance of undamaged goods. No credit will be issue for damage products. No returns permitted after 30 days. All freight charges relative to returned product, outgoing and incoming will be billed to the customer.
